FOR TIGHTNESS OF THE CHEST

Theford's Black-Draught, Says Kentucky Lady, Is Excellent for Breaking Up a Cold.

Elgin, Ky.—Mrs. Albert Albright, who has lived here many years, says: "I use Black-Draught as a laxative. It is splendid for breaking up colds. I have used it for a bad cold and tightness in the chest. One cup of good warm tea made from Black-Draught I found most helpful. It makes the liver act and gives almost instant relief."

This spring my little daughter began having chills, the hard, shaking kind. After the chills her fever would rise and her head would ache. We are a good warm from the doctor, so I just began giving her good doses of Black-Draught and it cured her. She is in good health, has a good color, and her appetite is all right. So of course we consider Black-Draught as unsurpassed for a family medicine."

Don't wait until you have head-ache, sick stomach, indigestion, or other disagreeable symptoms, but take an occasional dose of Black-Draught to help keep your system free from poison, your body in good health.

Made from pure vegetable ingredients, Black-Draught acts as a gentle, natural laxative and has no after-effects. It can be safely taken by young and old.
